A message from Mrs Hulme: Dear Parents and Carers, Coming into school today was a delight, the day being welcomed by a blue sky and warmer temperatures. Hopefully your last day in the working week has been a good one too.

Yr 2 and Yr 3 have thoroughly enjoyed their school trips this week based on their learning within the history curriculum. Visiting places of interest is still one of the best ways for children to witness first-hand the features of the past and how this knowledge allows us to make links to chronological understanding, all based on the development of human activity- really quite fascinating.

We have been most impressed with the pupils in the junior school as they were given the opportunity to reflect upon their learning when speaking in school to a visitor from Sutton LA. They spoke up really well and this enabled us to see the value of school activities in relation to the personal development and building of character for our children.

With just two weeks left in school before the Easter break, we will be summarising the impact of this last term to school governors, preparing Years 2, 4 and 6 pupils for their statutory assessments, celebrating the success of "My Band" and being together in celebrating the events that lead up to the Easter season.

3 Hawthorn have the fastest time to answer questions - 1.59 seconds per question.

5 Birch have the best accuracy with 97.68% of questions being answered correctly.

4 Poplar had the most participants this week.

4 Rowan had students answering the most questions this week.
